What is Women Build?

Women raising funds while helping to raise a roof.

Fundraising to support building affordable homes. Volunteering to make a positive impact on a family's future.

Women helping women. A day of building, learning, and camaraderie in a collaborative and friendly atmosphere. Any woman who wants to add a new tool to their tool belt of construction skills is invited to participate in a day of building at one of our active build sites. No experience is needed and you will work under the guidance of construction professionals. You will make a lasting impact through this rewarding experience.

Who We Are

Essex County Habitat for Humanity provides affordable homeownership opportunities for low to moderate income families, as well as critical home repairs for income qualified homeowners.

**Join us as women
come together to
build in 2026**

Why Women Build?

Empowering women to positively impact lives.

Women helping women. Since 1991, Women Build volunteers from all walks of life have come together to build stronger, safer communities.

Each year the Women Build community shows up to help more women overcome the barriers to home ownership, spotlight the homeownership challenges faced by women, and address those issues head on through the power of women across the community. At Habitat, we know that stable affordable housing is transformative for all families.

As a locally supported non-profit, the work we do is only possible through support from our local community.

Through Women Build, you have the opportunity to emerge as a leader on the vital issue of affordable housing in Essex County. Join us in making a difference and building a brighter, more stable and secure future for families in need.

Sponsorship levels and benefits are detailed on the next page. To become a sponsor or for more information, please contact Brenda Wong Murphy at 978-681-8858 x 3
